To

The Financial Secretary.

The Comptroller's requisition that the Military Secretary should countersign the Travelling Allowance bills of the Motor Car Establishment is probably technically correct. But the practical difficulties as explained in Col. Jones' Memo No.2605 of the 8th June 1910 are real. Under these circumstances, a solution has to be found. Of the Motor cars and the establishments connected therewith, some are in the Palace and some under the control of the Dewan. There will be no Travelling Allowance bills connected with the former as all allowances are paid by the Palace Department out of Palace funds (vide the Palace Officer's letter No.46 dated 23rd March 1910 in File No.17 of 09-10/Gen. Mis.). As regards the latter, it is more a matter for the Secretary to Government in General and Revenue Departments than for the Military Secretary to His Highness the Maharaja. It seems to me therefore that the Motor car provision in the budget may be transferred to 15 A. General Administration.

2. Similar difficulties are also likely to arise in connection with the following establishments which are under the Dewan's Private Secretary. They may also be transferred to 15 A. General Administration as above proposed:-

(1) Indian Guests' Quarters, Bangalore.
(2) Dewan's Official Residence, Mysore.
(3) Dewan's Office, Mysore.

6 The transfer of the Motor Car Provision and of the Establishments referred to in para 2 of the Dewan's note dated 22nd August 1910 from 15 General Administration, Government Houses &c to 15 General Administration Civil Secretariat, as proposed, involves some difficulties. The maintenance of Government Houses and Guests' Quarters is mainly with a view to the entertainment of guests European and Indian, and it is necessary in accordance with the object of classification of accounts that all expenditure connected with it should be shown under one Minor head (9) Government Houses &c. There seems however to be no technical difficulty in splitting up the Budget allotments under this Minor head into suitable Sub-heads and place different groups of Sub-heads at the disposal of different Officers. In this way the practical difficulties explained in the Dewan's note may be obviated.

a very practical solution to the problem.

2. In this connection I would represent that great advantage and clearness will be gained by introducing certain changes in the Minor head (9) Government Houses &c. so as to make it include all charges incurred for the entertainment of guests and nothing more. If we do so we would have a clear and definite idea of what we spend annually for entertainment purposes. At present some charges

NOTE—Contn. sheet.

Serial No.

connected with the administration e.g., Dewan's Residences, Dewan's and Councillors carriages &c Government Parks and Gardens, are included in this head with the result that no clear idea of guest charges can be formed.

7 3. In the first place it will be seen that the appropriations under Government Parks and Gardens are subject to the control of the Superintendent, Botanical Gardens, and Sub-head III Government Parks and Gardens under 9 Government Houses &c may well be transferred to 21-9 Botanical and other Public Gardens. ya

8 4. In the second place provisions in respect of Dewan's Official Residence, Mysore, (including Dewan's Office, Mysore, which may be done away with as a separate head) and Bhavani House, Ootacamund and for the free carriages to Dewan and Councillors should be removed from the head Government House &c. The head to which to transfer would perhaps be the head "Tour Charges" the new head being designated "Tour Charges, Official Residences and Carriages" and brought below the head "State Councillors". The grant for carriages will be provided by transfer of a lump sum from the Government Stables Grant and the debit to this grant will by reduction of charges on account of Government Stables.

9 5. In regard to the Motor Car Establishments the chief point under discussion, the classification

Serial No.

must depend on the object with which the Motor Cars are purchased and maintained. If, as is presumed, the cars are primarily meant for the use of the guests, the charges incurred in their maintenance &c. should continue to be under (9) Government Houses &c. If however they are chiefly meant for the use of the Dewan, Councillors and other officers, then there is no technical objection to show the charges under the head "Tour Charges &c" referred to above.

10 6. With the above changes the head Government Houses &c will become purely a head for guest expenses and the object referred to in para 2 above will be gained.

11 7. At present the control of the funds provided for the reception and entertainment of guests in the State are operated on from two sides viz., the Military Secretary to His Highness and the General Secretary acting under the orders of the Dewan. I take it that this double operation is necessary for administrative reasons and that it is not possible to concentrate the control in one hand however much such a course might be desirable from the point of view of economy. If that be so, the only way of preventing confusion and friction would be to clearly specify the extent of the control of each officer over the grant under each Sub-head,

Serial No.

as specified below.

11 8. The Minor head 15 General Administration (9) Government Houses &c-may in future be designated 15 General Administration (9) Reception and Entertainment of Guests- and may with advantage be subdivided as follows:-

I. Guests' Houses

II. ~~Stables~~ Carriages and Motor~~s~~ cars for guests

III. Catering and Miscellaneous

Each of these sub-heads may be divided into 2 Sections viz., (to put it roughly) Indian and European which for convenience we may call Sections A & B respectively. The allotments under the former may be placed under the General Secretary acting under the orders of the Dewan, and the latter under the Military Secretary.

I give a separate Section to "Catering + miscellaneous" ~~"Entertainment of Guests"~~ owing to its importance and the large amounts allotted under it.

12 9. It will be observed that the heads "Entertainment of Guests" both European and Indian have in the arrangement now proposed no special reference to Birthday or Dasara. All charges for the entertainment of guests not coming under Sub-heads I and II should be shewn under those heads. The separate grant under "26 Miscellaneous" for "Reception of Important Personages" should cease to exist the amount being suitably divided between Section A and B under III - "Catering and Miscellaneous."

13 10. The above is only a rough sketch to show the general arrangements; additional detailed heads may be necessary in some cases which can easily be filled in when the next Budget is prepared.

14 11. A detailed statement will have to be given in the Budget for the Minor head "Tour Charges, Official Residences and Carriages" including the present grant for Tour Charges, the sum transferred

from ~~Stables~~ "Carriages and Motor Cars for guests" for conveyances supplied to Dewan, Councillors &c and the charges on account of Dewan's Official Residence, Mysore, and Bhavani House.

12. I venture to think that the above arrangement will secure all facilities for working and will also be an improvement on the existing classification which by mixing up charges for administration and for guests prevents a clear idea being formed of the extent of charges under each.

16 1. The arrangement suggested by the ~~Comptroller~~ (F Secretary) is an improvement and may be adopted. To a slight extent it is logically *incomplete as Bhavani House, & Glenview H. are not intended for guests but the use of the Dewan & the [illegible] of H.H. & are thus legitimate charges on General & Admn. 15 A & B respectively. Still there is not much inconvenience in keeping them under 15.(9).

*no mention is made of this in the Comptroller's note.

2. Bhavani House may be added ~~after~~ under Section A.

3. So far as the ~~fort~~ motor cars are concerned I believe the cars in the custody of the Water Works & Stores Dn Ex-Engr. are primarily intended for the use of the Dewan, & of that of other officers with the Dewan's permission, & ~~of~~ that the cars in the custody the palace are meant for distinguished State guests under the orders of H. H. the Maharaja. The former class of car may be placed under 15-(2) & provision for them included under Horse charges.

4. There is however no objection ~~to~~ to keep them under 15(9) as proposed by the ~~Comptroller~~ Fin. Secy. if the transfer to 15(2) is not approved.

5. The ~~Comptroller's for~~ Fin. Secy's proposal in regard to the transfer of 15-E-III Fort Parks & Gardens to 21-9, & the transfer of the provision under 26 Mis for the reception of important personages to 15(9) may be approved.

Submitted to His Highness.

For the purposes of classification of accounts, all expenditure connected with the Government Motor Cars under the control of either the Palace or the Dewan are shown in the budget under one minor head (9) Government Houses and Stables. According to Codal rules, the travelling allowance of an officer should be debited to the same head as his pay. As Col. R.G. Jones is in charge of Government Houses and Stables, the Travelling allowance bills of the Motor Car Establishment were sent to him by the Executive Engineer, Water Supply and Stores Division, for countersignature and transmission to the Audit Office.

Article 824 A of Civil Account Code.

2. In submitting the correspondence on the subject with the Comptroller and the Executive Engineer, Water Supply Division, Col. Jones stated on the 8th June 1910, that he had no control over the Motor Car Establishment and that it was "ridiculous to ask him to countersign bills and watch expendi-

ture

expenditure with which he could not interfere". He suggested that these men, their pay and allowances may be transferred to the Department under whose orders they worked.

3. The Comptroller's requisition that the Military Secretary should countersign the Travelling Allowance bills of the Motor Car Establishment is technically correct. But the practical difficulties as explained in Col. Jones' Memo No.2605 of the 8th June 1910 are real. Under these circumstances, a solution has to be found. Of the Motor cars and the establishments connected therewith, some are in the Palace and some under the control of the Dewan. There will be no Travelling Allowance bills connected with the former as all allowances are paid by the Palace Department out of Palace funds (vide the Palace Officer's letter No.46 dated 23rd March 1910). As regards the latter, it is more a matter for the Secretary to Government in the General and Revenue Department than for the Military Secretary to His Highness.

5. The Financial Secretary observes in his note of 10th September 1910, that the only way of preventing confusion and friction would be to clearly specify the extent of the control of each officer. As the control of the funds provided for the reception and entertainments of guests in the State are operated on from two sides, viz. the Military Secretary to His Highness and the General Secretary, the Financial Secretary has proposed a re-classification of the minor items to prevent confusion and friction.

I submit herewith the bills of Chaffeurs &c. attached to the Government Motor Car Establishment which have been sent for my countersignature also correspondence with the Comptroller in regard to this matter. I have no control over these men or the expenditure incurred by them.

The Government Motors practically form a part of the Palace Establishment or if not are controlled by the Public Works Department. I have nothing to do with them and it is ridiculous to ask me to countersign bills and "watch" expenditure with which I cannot interfere.

I

I beg that these men, their pay and allowances may be transferred to the Department under whose orders they work or if it is wished that they should still be noted as on the Government House Establishment I desire that Government should understand that my countersignature means nothing. Letter No 875 dated 25th April 1910 from the Executive Engineer Water Supply and Stores Division to the Military Secretary to His Highness.

Sir,

With reference to your No 2114 dated 16th/19th Instant returning 11 Travelling allowance bills of the Government Motor Car Establishment I have the honor to inform you that the Government have placed the Motor Car Chaffeurs under my control and orders and as I am aware of their movements I have countersigned the bills in token of the acceptance of this responsibility.

As provision for the pay and travelling allowance of these men has been made in the Budget for Government House which is under your charge I believe that the Comptroller requires your countersignature in token of your acceptance of the legitimacy of these charges to enable him to debit them to Government House in his accounts. In the light of this explanation I trust you will have no hesitation in countersigning these bills now as the claims therein preferred are pretty old ones and as the Chaffeurs are put to unnecessary inconvenience.

Sir,

I have the honor to enclose certain Travelling allowance bills for Chauffeurs.

Please see the letter from the Executive Engineer Water Supply Division.

The Chauffeurs are under him and he has signed the bills. My signature is apparently required to authorise the charge against the Government House Budget grants.

But all our travelling allowance grants in the Government House Budget are exhausted so that I think the bill had better be met from Provincial Funds.

In any case it seems absurd that I should countersign the bills of men with whom I have really nothing to do.

Would it not be well in the coming year to transfer the Travelling allowance grant for these to the Public Works Department.

SIR,

In returning herewith the Travelling Allowance Bills of the Government Motor Car Establishment received with your letter No.2211 dated the 5th May 1910, I have the honour to state that the view taken by the Executive Engineer, Water Supply Division as to the countersignature of these bills is correct. This procedure is considered necessary and is intended to enable the Countersigning Officer to watch the progress of expenditure of the grants under his control. The bills, may therefore, be kindly considered and retransmitted for audit.

According to Codal rules, the travelling allowance of an Officer should be debited to the same head as his pay. Consequently, the amount of these bills cannot be debited to any head of account other than the one to which the pay of the Establishment is debited, Viz, Government House.
